Brief about the Program (Activity/Event)	<p>Organizing an art fest 'Mistura' is an excellent effort made by N.G.O. 'Shaurya', that focuses on showcasing Nashik's culture and heritage through various talents such as dance, music, painting, drama and many more art forms. Every year arrangements are made on Godavari River front wherein various artists can portray their talent to people in an open environment without any boundaries.</p> <p>MVPS's college of architecture is proud to be associated with Shaurya's Mistura event every year to make it a success. Many students from the institute work as volunteers for the N.G.O. The students engage in making of sculptures, free standing installations, paintings, origami models etc. Students also actively participate in various other talent activities and competitions during the event. Shaurya is an N.G.O. that works for under privileged sector of the society by providing learning platform as well as financial aids for various activities.</p>
