ANALYSIS AS PER SUGGESTIONS RECEIVED

STUDENTS-

- Syllabus should have new technologies and modern material .. in subject like BCM and building services etc..
- More hands on experience and exposure to foreign and national technology, exposure to current technology, trends, software development programs. Few audit courses can be based on software skills too

TEACHERS -

- Current Technology should be given more importance and site visits for various subjects made a compulsory part of the syllabus
- Basic design course should be part of second year of Architecture programme
- Students must be exposed to International practice, codes & Standards. Proficiency with advance software is also needed.

ALUMNI-

- Syllabus needs to be revised in terms of use of materials in architecture field. BIM should be focused. Advanced visualization tools can be introduced to students.
- Collaboration with International Universities may be in online mode, should be done. Students shall have more professional practice oriented syllabus.

EMPLOYER-

- More emphasis shall be given on new construction materials and techniques
- Students should have better exposure towards market developments in construction materials and newer technologies.

ACTION TAKEN FOR 2020-2021

- The existing Material Laboratory has been improved to familiarize students with various market developments.
- Students attended a Workshop (TECH FEST) conducted by IIID Nashik Chapter which had technical session conducted by the various vendors. This exposed the students to the various current trends and technologies prevalent.
- Additional courses like Photoshop and Coral draw were conducted as a part of capacity building and skills enhancement to improve software skills.
- The IQAC has initiated more hands-on activities to be integrated with academics.
