Date :

Date - 15/7/2016

To,

The Principal,

MVP Samajs's College of Architecture,

Gangapur Road

Nashik.

Subject: Collaboration with your college...

Reference: Our telephonic discussion and your letter

With reference to above **Tulsi Construction** would like to express willingness to work in collaboration for the field trips by the students of MVPS's College Of Architecture to our various sites under construction.

We will allow field trips to our premises for academic purpose only. The students will have to adhere to the site timings and other rules.

The students will be able to observe and learn various aspects of the construction work they want to study during these field trips. If required, they will be allowed to have photograph and video recordings as per the norms of security systems.

We look forward to working with you on this collaboration.

Sincerely,

TULSI CONSTRUCTION
