Assistive technology and facilities for persons with disabilities

DOWNLOAD
and experience
NVDA TODAY!

NVDA

NVDA VERSION 2021.3.5

The NVDA screen reader can be downloaded free of charge by anyone. We do this because we believe everyone, especially the world's poorest blind people deserve access to computers and a way out of poverty. If you have the means, no matter how big or small, please consider making a donation before downloading NVDA. We rely on donations and grants to continue improving NVDA and to ensure it remains compatible with the world's rapidly changing technology.

Please note, NVDA is only available for PCs running Microsoft Windows 7 SP1 and later. If you require a version of NVDA that can still run on Windows XP or Vista, please download the much older NVDA 2017.3 for Windows XP instead. NV Access does not however recommend or support running this older version on newer Operating systems.

Activate Windows
Go to Settings to activate Windows.
07 April 2021

NVDA screen reader is installed in computer library which is very useful for visually impaired persons.

MVPS's College of Architecture

Phone : 0253-2570822. Email : cansnashik@mvp.edu.in

Provision for enquiry and information – Soft copies of reading material, screen reading.

The screenshot displays the Voicemaker web application. At the top, there is a navigation bar with links for Home, AI Voices, Pricing, Contact, Log in, and Register. The main interface includes a 'TEXT' input field with a character count of 0/250. Below the input field are several dropdown menus for customizing the speech: Voice Effect, Pauses, Emphasis, Speed, Pitch, Volume, and Say as. Underneath these are two sections: 'AI Engine' with options for Standard TTS and Neural TTS, and 'Voices' with a list of available voices: Ivy, Female (child), Joanna, Female, and Joer, Male. A prominent blue button labeled 'CONVERT TO SPEECH' is located to the right of the voice selection. Below it is a 'DOWNLOAD MP3' button. The interface also features a 'Clear Text' link and a 'Get more characters' link.

We can use online free text to speech converter software to read E books & PDFs. We can listen to speech to our own required pace.

Brief about the Program (Activity/Event)	<p>Certificate course on Universal Design was conducted by Ar. Parul Kumtha from Mumbai for students of fourth year B. Arch to under, Design and Technology Elective (Elective -II). The course was conducted in composite manner with partial conduction by expert and partial conduction at institute level under the guidance of core faculty. The first day included presentations by Ar. Parul madam on concept of integration in design and Principles of Universal Design that sensitized students about the subject. In subsequent sessions experiential activities were conducted for the students where they actually used wheelchairs, cane sticks, blindfolds, earplugs and crutches to access various facilities within the campus. Students shared their experiences, discussed the issues and came up with the presentations for probable solutions.</p> <p>Second day educated the students about the Harmonized guidelines for barrier free design by Environment Ministry of Urban Department under Sugamya Bharat Abhiyan. End of the workshop was marked by a book reading session of the publication, N.A.S.I.K. by Ar. Parul Kumtha and her team. The book is based on the work done by the team on inclusive design proposals for the buildings in Nashik</p> <p>Based on the feedbacks received from Ar. Parul Kumtha, students worked on analysing, refining and value adding their proposals and preparing final reports.</p>
Outcome	<p>Students got introduced to the concept of integration in design and Principles of Universal Design. The experiential activities sensitised them towards the issues in conventional design that need to be addressed for inclusivity. They got different insights from the discussion sessions with Ar. Parul madam which helped them to take a holistic design approach towards the proposed solutions. The case studies in book reading session and the assignment, helped to know the practical implementation of inclusive design principles. . It also shared</p>

	contemplations at how to tread the middle path that looks at existing process and practices, while merging them with accessibility solutions that will provide dignified and complete access to everyone.
Remarks	One additional expert interaction slot with students, especially towards finalising the solutions, would have value added the solutions.
