Dear Sir / Madam,

Greetings from GATI !

Please allow us to introduce our institute. **Gokhale's Advanced Training Institute (GATI)** has successfully completed three years. The institute's head office is situated at Jalgaon (Maharashtra) having branches at Akola, Buldana, Nashik & Pune. The institute focuses on skills development. *We deliver trainings in Industrial Automation, Personality Development, Stress Management, Entrepreneurship and Renewable Energy to the students, faculties and professionals.* Till date, we have trained more than 8,000 individuals and have also reached up to around 5,000+ students through various awareness seminars. **Our trainings are also recommended by Hon. Joint Director, Technical Education Regional Office, Nashik. The letter is enclosed herewith.**

Since inception, we had a focused objective of providing training in "Industrial Automation" to the students and professionals. For this, we have signed MoU with India's one of the most promising and leading training provider - **TAACT (Teknocrat's Academy of Automation and Control Technology, Nashik)**. The faculty of TAACT is highly experienced, with an average experience of 16+ years. Our motto is to extend this expertise of TAACT to the students and professionals.

Nurturing the life skills is also an important objective on our agenda. For this, we have developed innovative and sustainable training models on Personality Development. The emphasis is to see that the training is more of need-based rather than course-based and also monitor the progress of participants by conducting specially designed feedback sessions, wherever necessary. We have also developed specialized modules on "Stress Management" suitable for students, teachers, admin and support staff, industry professionals, banking sector professionals, etc.

We are the Approved Test Centre (ATC) of Symbiosis Centre for Distance Learning, Pune since December 2013. This approval is the first of its kind for a training institute in North Maharashtra region. Recently, we have also been empanelled with Maharashtra Centre for Entrepreneurship Development, Aurangabad (MCED) for conducting and supporting various trainings which will help to foster the idea of entrepreneurship among the youth.

We would like to be associated with your prestigious institute. In view of this, we request you to kindly go through our offerings (Annexure II & III) and give us a chance to train your students and faculties.

Brief about the Program (Activity/Event)	<p>A lecture on women's health & hygiene was conducted by Dr. Manasi. She explained all the causes & precautions regarding menstrual hygiene and health to the girl students. She unfolded the typical issues faced by young girls during menstrual cycle. This proved quiet helpful to girls speaking about a taboo subject clearly and openly.</p> <p>Dr. Manasi insisted that one should speak up and seek help if anything bothers her. She also suggested that a woman can lead a healthy life by implementing certain practises in her daily routine. She explained these minor routine changes in a simplistic way that appealed to girls and felt applicable.</p>
Remarks	It was crucial to explain such taboo subjects and details to girl students.

Brief about the Program (Activity/Event)	<p>A lecture on women's health & hygiene was conducted by Dr. Manasi. She explained all the causes & precautions regarding menstrual hygiene and health to the girl students. She unfolded the typical issues faced by young girls during menstrual cycle. This proved quiet helpful to girls speaking about a taboo subject clearly and openly.</p> <p>Dr. Manasi insisted that one should speak up and seek help if anything bothers her. She also suggested that a woman can lead a healthy life by implementing certain practises in her daily routine. She explained these minor routine changes in a simplistic way that appealed to girls and felt applicable.</p>
Remarks	It was crucial to explain such taboo subjects and details to girl students.
