Suggestions Section

Use feel free to fill your valuable suggestions if any

Suggestions if any:

1) Syllabus should include updations in latest materials & technology, in BC& M ,BS, TOS subjects...it may be included as a "Elective" for the same subject, as a "sessional work"

2) In BS ,studying in the same semester about " services topic and "implementation" of it in Arch.Design IV subject is difficult at third year B.Arch , as per subject requirement... For eg.."Firefighting" & " Acoustics" is taught in sem 6 , and expected implementation of it , in the same semester in subject "AD IV."

3) TOS end sem "theory paper" should be removed.

Students of "Architecture " course "PROBLEM solving " and " Design of " proposed design of elements , pertaining to " individual Arch design solutions" of students , which are varied, should be kept as a "sessional assesment" , for better understanding of students wrt structural designs .

Suggestions if any:

Students are lacking in practical knowledge. They are not spirited and not keen to learn new things.

Basic logical thinking in respect to planning needs to be highly developed.

Hand sketches and hand drafting is necessary/shall be compulsory in college work at least for two to three years as the students lack in visualisation.

Lack of knowledge regarding not only the characteristics of advanced building materials but also about its applications and executions.

In practical field they are lacking in confidence as they don't know how to and what to handle the work during site visit.

ANALYSIS AS PER SUGGESTIONS RECEIVED

STUDENTS-

- Syllabus should have new technologies and modern material .. in subject like BCM and building services etc..
- More hands on experience and exposure to foreign and national technology, exposure to current technology, trends, software development programs. Few audit courses can be based on software skills too

TEACHERS -

- Current Technology should be given more importance and site visits for various subjects made a compulsory part of the syllabus
- Basic design course should be part of second year of Architecture programme
- Students must be exposed to International practice, codes & Standards. Proficiency with advance software is also needed.

ALUMNI-

- Syllabus needs to be revised in terms of use of materials in architecture field. BIM should be focused. Advanced visualization tools can be introduced to students.
- Collaboration with International Universities may be in online mode, should be done. Students shall have more professional practice oriented syllabus.

EMPLOYER-

- More emphasis shall be given on new construction materials and techniques
- Students should have better exposure towards market developments in construction materials and newer technologies.

ACTION TAKEN FOR 2020-2021

- The existing Material Laboratory has been improved to familiarize students with various market developments.
- Students attended a Workshop (TECH FEST) conducted by IIID Nashik Chapter which had technical session conducted by the various vendors. This exposed the students to the various current trends and technologies prevalent.
- Additional courses like Photoshop and Coral draw were conducted as a part of capacity building and skills enhancement to improve software skills.
- The IQAC has initiated more hands-on activities to be integrated with academics.

ANALYSIS AS PER SUGGESTIONS RECEIVED

STUDENTS-

- Syllabus should have more practical and field work assignment to gain knowledge
- **BCM subject syllabus can be redesign to accommodate latest construction technology**

TEACHERS -

- Building Technology in 4th year should be more rigorous. Humanities should be independent subject. AGD should be spread out in 4 semesters.
- Syllabus needs to incorporate alternative, non-conventional construction materials & its detail construction
- Basic design subject in the syllabus should of at least two semester

ALUMNI-

- The Syllabus should contain Presentation skills at public / global level, Personal development trainings / workshops etc.
- Syllabus should give more weightage to Software skills and communication.
- The syllabus should be updated and should be relevant to the practice of present and future.

EMPLOYER-

- Architecture course should be of four year and internship period for 1 year
- The time span is not sufficient to have exposure to various aspects of profession in course architectural training.

ACTION TAKEN FOR 2019-20

- Suggestions were made to the BOS for change in BTM syllabus.
- Subject teachers have opined for change in 2015 BTM syllabus for higher years in the meetings conducted for the 2019 syllabus by the BOS of SPPPU
- The current syllabus has included Presentation Skills as Communication Skills in the 1st year Syllabus.
