### ANALYSIS AS PER SUGGESTIONS RECEIVED

#### STUDENTS-

- Practical knowledge in theory based subjects in current curriculum.
- Interior design as a subject for at least one semester.
- Choice based Credit system should be incorporated in the syllabus.
- Presentation skill & business management courses to be introduced in syllabus

#### TEACHERS -

- Teaching loads for ABCS I and II to be increased for Theory of advanced materials/ innovations, along with applications.
- Basic design subject should have viva-voce and it should be of 4 Semester.
- Project Management -Syllabus to be oriented for Architecture practice, along with its application in the field of building industry.

#### ALUMNI-

- Architectural training should be at least for a year instead of 100 days.
- architectural software should be given prior attention from first year. And it should part of syllabus.
- Major thrust should be given on new materials & current architectural detailing.

#### EMPLOYER-

- On site work experience is important. Students should be exposed to on site work for some short duration. It will give them some idea about the quantum of learning that goes on Site
- Students need to understand complexities and detailing in services when it comes to major project.

### ACTION TAKEN FOR 2022-2023

- On site explanation on various component as a part of Experiential learning was adopted in studio based subject like working drawing, BCM etc..
- Additional courses like advance cad and Photoshop were conducted as a part of capacity building and skills enhancement to improve software skills.
- The IQAC has initiated more hands-on activities to be integrated with academics.
