**Brief about the  
(Activity/Event)**

**Day 1**

Morning activity

School cleaning and Coordinating it with the Sarpanch and Principal of the school.

Objective

1. To clean the camp site to be used over the next 5 days.
2. To identify and allot the spaces for stay, activities and setting the kitchen up.
3. The kitchen utensil washing space was identified for repairs and construction of a soak pit.
4. Listing of materials needed and procurement of the same

**Lecture by Nitin Paranjpe**

The talk was experiential with games and the forms to fill. This helped students realise the held prejudices and bias one has with respect to gender and gender roles.

This helped the students irrespective of their gender to quickly interact, know and collaborate within the students of Design, Architecture and Pharmacy.

An interactive session provoking debate made it more interesting to know the different point of views of all participants.

This also clearly helped identify the leaders within the group.

**Day 2**

Soak Pit construction and creating the channels for water movement near the drinking water area of the school.

1. Identifying and demarcation of the soak pit area and channel area near drinking water
2. Digging the area up to 3 feet depth for soak pit and 1 foot for channels
3. Transportation of the materials to the point of construction of soak pit and channels
4. Cleaning the ground area of the school

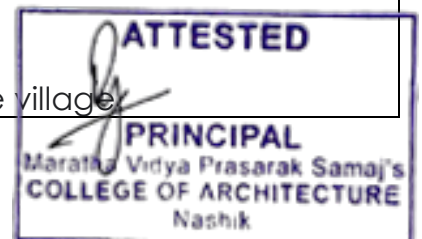

**Lecture by Kawade sir**

The idea of constitution and of being Indian was unfolded by making students aware of the premise when why and who wrote the constitution. The four pillars that play a crucial role in maintaining the democratic process of the country. The speaker focused his talk on being the citizen of the nation rather than being mere voters to be used by political leaders. The talk also focused on checking the authenticity of the information in today's information age.

**Day 3**

Cleaning the village

1. Identifying the area by surveying the village

- 2.Dividing into teams and identifying leaders for each sub team.
- 3.Cleaning the streets.
- 4.Collecting waste.
- 5.Segregating the waste.
- 6.Disposal of the waste to the allotted location by the gram panchayat

### **Lecture by Dr Miling Wagh on Multidisciplinary approach.**

Keeping in mind the new education policy the talk was designed to make students aware and know their point of view in the idea of multidisciplinary learning. The speaker opened up the idea and its relevance in today's world with examples from various domains. His emphasis was on the urgency of it provided we are equipped for it keeping in mind the pace of change in the learning process globally. The need that learners have to take the responsibility of learning under facilitation rather than typical teaching methodology were discussed.

The students posed interesting questions and fears of the new learning process.

|---|---|
| <b>Brief about the Program (Activity/Event)</b> | A Blood donation camp was organized by our college in collaboration with Dr. Vasantrao Pawar Medical College, Hospital & Research Center. It was an effort to motivate students to come forward and donate for this noble cause. Our College has been religiously organizing blood donation camps every year. Students and the faculty members come forward voluntarily to donate blood. While addressing the students at the camp our Program In-Charge Prof. Arpita Bhatt brought awareness to them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving the lives of many patients and those who have met with accidents. |
| <b>Remarks</b>                                  | Students came to know the importance and awareness of blood donation. They realised that donating is a generous thing to do. It helps people in need, and it helps people in your community.  |
