ANALYSIS AS PER SUGGESTIONS RECEIVED

STUDENTS-

- Collaboration within colleges and inter batches activities may be in the form of design, technology or services workshop studio
- Software based courses needed as core learning in architecture education
- Syllabus should be dynamic to incorporate latest trend practiced in architecture profession

TEACHERS -

- Flexibility in Academic Scheduling should be given by the University.
- HOA and culture 1 & 2 are too vast to finish in stipulated time frame.
- Vertical alignment of course progression and course content should be reviewed and accordingly update the syllabus
- PM subject should be Oriented towards Architectural profession, with PERT, CPM(live case study) .etc

ALUMNI-

- Syllabus should be flexible to have exchange programs
- The duration of internship should be of 1 year
- The current technologies which are involved in the construction should be incorporated in the syllabus.

EMPLOYER-

- Bridge courses should be introduced in the syllabus to link the profession and academics in the form of site visits and market etc..
- Students should have better exposure towards market developments in construction materials and newer technologies.

ACTION TAKEN FOR 2024-2025

- Architectural Design studio will be planning in Collaboration studio with other architectural institute as a part of participatory learning process.
- Integrated teaching Pedagogy for various subjects like BCM, B.S and T.O.S will be planned including Market survey of the materials to aware students about current market development.
- Various Live case studies will be part of study tour and will be documented and analyzed as a part of Architectural Design and Urban studies courses.
- Encourage students to participate in various activities organized by national bodies like Indian Institute of Architects, Institute of Interior designers etc.. including exhibition to aware about new construction materials and technologies
