To
The principal
MVPS's SP College of Architecture, Nashik.

Subject: Establishment of Collaboration with our Organasation.

Respected madam,

Our NGO Apla Paryavaran "आपलं पर्यावरण" would like to express our willingness to serve as a collaborator on your various projects related to Environment Awareness. Offering field trips at our Vanrai and Devrai projects can greatly benefit students by providing them with hands-on experiences in nature and a deeper understanding of the importance of conserving trees and biodiversity.

Field Trip Outline Objectives:

1. Educate students about the importance of trees and biodiversity.
2. Foster a sense of responsibility towards the environment.
3. Engage students in hands-on activities that promote conservation.

Activities:

1. **Nature Walks:**
 - Guided tours through the Vanrai and Devrai projects to observe and identify different tree species, birds and insects.
 - Discussion on the ecological roles of various plants and animals.
2. **Workshops:**
 - Sessions on the significance of trees in maintaining biodiversity and combating climate change.
 - Interactive activities like seed planting or creating bird feeders to encourage wildlife.
3. **Group Discussions:**
 - Encourage students to share their thoughts on environmental issues and brainstorm solutions.
 - Discussions about their roles and responsibilities in promoting green practices in their communities.
4. **Reflection Sessions:**
 - Allow time for students to reflect on what they learned and how they can apply this knowledge.
 - Encourage them to think of personal or community projects that promote conservation.

We look forward to working with you on this collaboration,

Sincerely,

Mr.Shekhar Gaikwad
